FORMAL OPENING AT RIVERSIDE MILLS

CONGRESSMAN LEVER MADE
VERY INTERESTING
ADDRESS

OTHER SPEAKERS

Included Dr. White, Prof. W. H. Hand, Miss Mary Frayser and Miss Findley.

The formal opening exercises of the community work at the Riverside and Toxaway mills were held last evening and were a decided success. Large crowds gathered to hear the speakers and much interest was manifested.

Congressman A. F. Lever, author of the bill which makes this work possible, was the principal speaker of the evening. In addition to him Dr. John E. White, Prof. W. H. Hand, state inspector of rural schools, Miss Frayser of Winthrop college and Miss Findley, who has charge of the work at the mills, made short talks, all of which were very interesting.

Congressman Lever spoke of the advantages of the community work in the mill villages and especially about winter gardens. He stated that the people in South Carolina were spending entirely too much money on canned goods and this was not only damaging them financially but in many cases were injuring their health. Mr. Lever stated that the people of the state of South Carolina spent between \$15,000,000 and \$20,000,000 annually for canned goods and that a large amount of this money could be kept in the state if the people would only have their gardens. The speaker stated that each individual could raise enough vegetables on one-eighth of an acre to supply an ordinary family and that there were few families in the state who could not get this much land for this purpose.

Mr. Lever emphasized the value of the community house and stated that it was a place where the people could get together, tell their troubles to each other and discuss problems for mutual benefit. He complimented the people for taking so much interest in the work, telling them that in his opinion the establishment of a community house at a mill was the beginning of better things for the people who lived there and one in which he felt sure the people would take great interest.

For Indigestion.

Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. For sale by all dealers.

SULPHUR DRIES UP ECZEMA AND STOPS ITCHING

This old time skin healer is
used just like any
cold cream.

Sulphur, says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

It tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur and apply it to the irritated parts the same as you would any cold cream.

For many years common bold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destroying property. It is not only parasiticide, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

COURT RECESS WILL END THIS MORNING

CASES IN EQUITY TO BE
HEARD BEFORE JUDGE
MOORE

FOR ONE WEEK

Court Has Been Idle and Judge
Moore Returns Today to Re-
sume Unfinished Work.

The recess in the court of common pleas which began last Friday morning ends this morning and the court will reconvene at 9:30 o'clock.

Last week most of the time was devoted to the hearing of jury cases and all of these were either finished or were settled by their attorneys out of court.

Today cases in equity will be heard before Judge Ernest Moore. Since these cases require no jury and since no jury was drawn for the second week, there will be few people in town attending court.

CLEMSON CLUB WILL MEET HERE TOMORROW

IMPORTANT BUSINESS TO
COME BEFORE THE
BODY

NOTICE ISSUED

By the Secretary Asking That All
Be Sure of Attend—New
Members.

A meeting of the Anderson County Clemson club will be held in the chamber of commerce rooms on North Main street tomorrow afternoon at 2 o'clock and a full attendance is urged, both of those who have already joined and those who want to become members. Membership is open both to Clemson graduates and to those who only attended a year or so.

This meeting is a very important one since the adoption of constitution and by-laws and other important matters are coming up for discussion.

The following notice has been mailed by the secretary to the members of the club:

"Anderson, S. C., Oct. 11, 1915.
You are urged to attend the next meeting of the Clemson club, which is to be held in the chamber of commerce rooms, Anderson, S. C., October 16th, at 2:00 p. m. Adoption of constitution and by-laws and other important matters are coming up for discussion. If you cannot be present have name enrolled with the secretary at once.
"You are probably coming to the Auburn-Clemson game that day so bear the hour of the meeting in mind.

"Willett P. Sloan,
"Secretary."

RAIN DAMAGED NEW HAY; FROST HURT GARDEN TRUCK

The early part of the week was cloud and rainy, followed by clear and abnormally cool weather at the close. Light heavy frosts over the northwestern counties, with killing frosts along the mountain ridges, materially checked growth and caused some damage to gardens and field truck. Some damage to new mown hay resulted from the rains. Cotton picking was resumed and was being pushed during the latter part of the week. Haying, corn gathering and fall plowing were in progress, as was the peanut harvest in the eastern portion.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like
lead or Bladder
bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep four kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithiater drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who while it is only trouble.
